Appended Easy to use start-up Wizard

In new Music Sorter version was appended easy to use "Main Configuration" wizard.

It is shown after program installation and running at the first time automatically. New wizard will let users to start using Music Sorter in seconds. It help to define:

- source directory (folder, files from which Music Sorter will process: rename, sort, organize);
- database directory (folder, to which files will be moved or copied after processing);
- action (what to do with processed files: copy them from source directory to database, or move);
- registration (for users, who still did not registered their Music Sorter product copy, may do it now in automatical mode).

Last product version may be purchased in our online store. All registered Music Sorter users can get it for free.
